

Purpose of NAESC

The National Association of Engineering Student Councils (NAESC) exists to promote advocacy, foster collaboration, and cultivate leadership among engineering students across the United States. Through engagement and collaboration with fellow student leaders nationwide, we strengthen our leadership capabilities, enhance our professional growth, and become more effective engineers and changemakers within our communities.

Expected Graduation Date:

Application Questions

1. Tell us about yourself. What inspired you to pursue a degree in engineering?
2. What is your current GPA and academic standing? (*Please attach your unofficial transcript.*)
3. Describe a significant academic challenge you have faced and explain how you overcame it.
4. Outline your role and contributions within your Engineering Student Council or other student organizations.
5. What leadership experiences have had the greatest impact on your personal and professional development?
6. Provide an example of a time you led a team or group of peers through a challenging decision or project.
7. How have you contributed to your campus or local community outside of academic responsibilities?
8. What initiative or event are you most proud of organizing or contributing to through your Engineering Student Council (ESC)?
9. In what ways has your involvement in student leadership made you a stronger and more capable engineer?

10. What are your short-term and long-term career goals as an engineer?
11. How do you plan to use your engineering education to make a meaningful impact on society?
12. How do you envision continuing to lead and serve within the engineering community after graduation?
13. Why are you applying for this scholarship, and how will it help you achieve your academic or professional goals?
14. What qualities, experiences, or accomplishments make you a strong candidate for this scholarship?
15. What does being part of the NAESC network mean to you, and how do you hope to contribute to it?
